PRICE 2 CTS.

IT'S EASY TO GET IN
where there's a sluggish liver, for any of the
poisons of disease that surround you. If your
liver were active and healthy, it would keep
them out of your blood. You'll have to
watch your liver for self-protection.
Just as soon as you see the first symptoms
that it's wrong (eruptions on the skin, or a
dull and worn-out feeling) you ought to
take Dr. Pierce's Golden Medical Discovery.
That will start your liver into a healthy,
natural action, purify your blood, too; it
will brace up your whole system, and give
you strength and color, and put on needed
flesh—not fat, but wholesome, necessary flesh.
Dr. R. V. PIERCE: *Dear Sir*—I heartily
recommend your "Discovery" to any person
suffering from general debility as the best
thing they can take for it. After taking
your "Discovery" I am happy to say I never
felt better in my life than I do now.

BEAUTIFUL WEDDING GIFTS.
The presents at the Gould wedding
yesterday were displayed in the library
on the second floor, directly above
the East India room. The superb
jewels were laid out on the library ta-
ble on a cloth cover of heavy red vel-
vet. Among the rarest and most costly
of the bride's presents was a heart-
shaped brooch. In the center was the
rare and world-famous Estershyz dia-
mond, surrounded by eleven diamonds,
each of which is large enough to be
worn as a single stone. This was the
gift of Miss Helen Gould. Mr. and
Mrs. George J. Gould's present was a
collar of superb pearls, consisting of
ten strands, each pearl being the size
of a good sized pea. The strands were
crossed by bars of platinum, holding
rows of brilliant white diamonds, these
dividing the pearls into ten compart-
ments. In each bar were twelve dia-
monds. In the entire collar were sev-
enty-two diamonds and eight hundred
pearls.

Mr. Frank Gould presented a chain
of two hundred diamonds which could
be worn in coils about the neck or en-
twined as a bracelet about the wrist.
Mr. Howard Gould gave a large knot or
cluster of diamonds, each end of the
glittering ribbon having as a tassel a
superb blue and pink diamond. The
Marquis and Marquise de Castellane
presented a superb and unique necklace,
consisting of two ropes of pearls, each
string of which has historic interest,
one having belonged to Henri Quatre
and another to Marie Antoinette. At
one end of the necklace, securing the
five strands, was a magnificent square
emerald of exceeding beauty, surround-
ed by twenty-four diamonds. This is
an heirloom in the de Castellane
family, and could only pass to the eld-
est son.

Another present by the Marquise de
Castellane was a ring of two stones, a
superb ruby and sapphire.

Count Jean de Castellane's present
was a diamond hatpin of exceeding
beauty of design.

Prince del Drago presented a dia-
mond horseshoe pin.

General and Mrs. Eskert presented a
superb diamond star.

A magnificent tiara of diamonds was
presented by Mr. and Mrs. Edwin
Gould. In addition to these gifts were
many lesser gifts of scarfs, lace, bonnet
and hat pins, studded with diamonds
and resplendent with colors of the
ruby, sapphire, amethyst and diamonds.

On the bookshelves were fans of
every description, clocks in leather
cases, Dresden, Sevres and ormolu
clocks, tiny watches and watches stud-
ded with jewels; silver, gold and glass
jars, with gold tops, decorated with
curious workmanship and ornamented
with monograms surrounded with
coronets; silver pitchers, salvers,
loving cups; silver in every shape
and of every form; cut glass
bells, decanters, tete-tete silver, china
and glass in fact, almost every-
thing one would see in Tiffany's. Among
these gifts was a silver box repousse,
the gift of Mr. and Mrs. Russell Sage,
containing a Bible, gold coffee pitcher of
exquisite workmanship by the Count
and Countess de Laugier-Villars; large
silver loving cup of beautiful workman-
ship by Daniel S. Miller, the bride's
uncle; an antique fan by Mr. Brock-
holst Cutting; an exquisite gold jewel
box, with monogram "A. C." in blue
letters, by Mrs. Kingston; a silver and
glass jar, by Mrs. Charles Coolidge
Pomeroy; glass jar with gold top, heav-
ily chased and ornamented, with mono-
gram and coronet, by Mr. Charles
Raoul-Duval. Large numbers of other
handsome and costly gifts were also
made.

THE ESTERSHYZ JEWEL.—Among
the wedding presents which were ex-
hibited at the Gould wedding yester-
day was the celebrated Estershyz Jew-
el. The jewel is a present to the
bride from her sister Helen. The Estershyz
jewel has long been famous, and
has passed through many noble
European hands. It gained particu-
lar prominence when in the possession
of Prince Nicholas Paul Esterhazy of
Eisenstadt, Hungary. The Esterhazy
and Castellane families are distantly
connected, and that the jewel should
find its way back to its former associa-
tion after having been on the market
for a long period is a remarkable co-
incidence. Miss Helen Gould purchased
the jewel of Tiffany. The Esterhazy
gem, which is probably the most val-
uable in America, consists of a large
diamond surrounded by eleven smaller
diamonds, and every stone is perfect in
form and color.

"Perhaps you would not think so,
but a very large proportion of diseases
in New York comes from carelessness
about catching cold," says Dr. Cyrus
Edison. "It is such a simple thing and
so common that very few people, un-
less it is a case of pneumonia, pay any
attention to a cold. There are a great
many cases of catarrh and consumption
which have their origin in this neglect
of the simplest precaution of every-day
life. The most sensible advice is, when
you have one, get rid of it as soon as
possible. By all means do not neglect it."
Dr. Edison does not tell you how to
cure a cold, but we will. Take
Chamberlain's Cough Remedy. It will
relieve the lungs, aid expectoration,
open the secretions and soon affect a
permanent cure. 25 and 50 cent bot-

Medicinal.

Of all Fevers

the worst and most
serious is Dengue or break-
bone fever. Called "break-
bone" because one's bones
are not only racked with
pain, but feel as if they were
tightly held, as by a vice.

At times one feels that the
pain is almost unbearable,
and many are brought to
Death's door by the terrible
prostration which follows
this grievous complaint.

All persons should know
that

Brown's
Iron
Bitters

is the one medicine
which relieves this extreme
weakness and brings the
patient back to sound health
by its well-known medicinal
qualities. From the first
bottle the improvement is
marked and permanent re-
covery is but a matter of a
short period.

MISCELLANEOUS.
Twelve convicts at work in a quarry
at Folsom, Cal., made a break for lib-
erty on Saturday. Three were shot
and all recaptured.

It is reported from Rome that France
is about to make advances to Italy with
a view of ending the commercial war
between the two countries.

Police raided a flat in east Eighty-
seventh street, New York, Sunday night
and arrested two women and eight
men, all very youthful, who were seated
about an opium layout.

A large number of mill girls of Stam-
ford, Conn., who have been amusing
themselves by competitive high kicking
matches, are greatly alarmed by a se-
vere fall which rendered one of their
number unconscious.

Correspondence from Honolulu states
that Mrs. Dole is interceding strongly
for the ex-Queen and that President
Dole is reported to be wavering be-
tween granting her a full pardon or let-
ting the sentence stand.

Two of the men who robbed the
Southern express train at Livingston,
Ala., December 31, were overtaken by
a posse near Southwest City, Mo. The
robbers resisted arrest and one of them
was killed. The other escaped.

A bill to abolish the State board of
arbitration has passed the lower house
of the New Jersey Legislature, and is
expected to be passed by the Senate,
because the members have run up big
bills against the State and done little
work in settling labor troubles.

UNDER A GLASS CASE.—A Washington
paper says: "A man down in Virginia has
a scheme of which he is tremendously proud.
It is a scheme anybody might be proud of.
for it is truly wonderful. He intends to ask
Congress to appropriate about a million and
a half of dollars for the purpose of building a
class case over Mount Vernon. His great
glass house is not only to cover the man-
sion, but the tomb of Washington and all outbuild-
ings. This is the only way, he declares,
to preserve the place, and so far nobody has
been able to convince him that his plan
is not a good one."

DROWNED HERSELF AND CHILDREN.—Mrs.
Guppert, wife of the socialist leader in Braun-
schweig, near Bochum, Germany, drown-
ed herself and her three children last week
to escape her husband's brutality. Guppert's
neighbors had told the police terrible stories
of life in his household. He is said to have
beaten his wife almost daily, and to have
forced her to do the most degrading work in
the presence of her children. He has been ar-
rested.
